Who we are -
Our location -
Our furry friends -

We Are: A nonprofit organization established in 2006 for the purpose of providing equine therapy and educational opportunities for individuals of all ages. Our mission is to help those with disabilities to discover an independence resulting in a personal and spiritual growth, empowering them with a new found Hope and Belief.

Our facility: Is located in Russell, PA near the Eisenhower High School. Offering a spacious 25 acres for the Horses and other animals to roam free.

Our Furry Friends: In addition to the horses, we also have other animals such as donkeys, sheep, llamas, goats, chickens, ducks, dogs & cats. Many of the animals here have been rescued from sub-standard conditions. We provide the best possible care for all creatures great and small.

Our Mission Statement

Using equine-assisted activities, persons of all ages with emotional, physical and learning disabilities, will be taught to gain independence, and experience personal growth in a therapeutic environment. The approach of mind, body and spirit acting as one, will accomplish great things

Individual programs are tailored for each person, by focusing on their personal strengths.

Pictured below is Raymond Best

Raymond came to live with Milton Wallace as the result of a Family Living program administrated by Northwestern Human Services. After having spent 37 years at a State institution, Ray blossomed with his new found hope and opportunities. Ray was the Inspiration that started Double Rainbow Farm. His joy, enthusiasm and love of horses even still today inspires all those around him! Since Raymond's involvement in the therapeutic riding program at DRF, he has went from the need of 2 side walkers and a leader, to riding his horse independently with only a leader.

Although Raymond is unable to speak words. He tells an incredible story with every smile, laugh - and hug.
